REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: Although the prior art teaches various methods of removing ions from fluoropolymers, the specific combination of factors used in applicants' process has been shown to remove and avoid the presence of essentially all ions with the exception of those excepted in the claims. The prior art does not produce "ultraclean" polymers of the same purity with regard to both anions and cations. The claimed polymers are, therefore, both novel and unobvious over the closest prior art as cited.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Bernard Lipman whose telephone number is 571-272-1105. The examiner can normally be reached on 8-5 Mon-Fri.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, David Wu can be reached on 571-272-1114. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
